

ORTHOPEDIC TRACTION SET

MA401

TRACTION BOOTS

Increase the comfort of traction operations with wide, ergonomic footrests and safety straps for extra safety.

TRACTION UNIT

Traction puller setting is easy to adjust and operate according to medical procedures, ensuring smooth, safe and precise traction operation.

PELVIC SUPPORT & PERINEAL POST

The operation process is easier and more comfortable with pelvic area support and body support, removable to provide extra flexibility & comfort.

TRANSFER BOARD

Used to support the patient's temporary position or move the patient, the pre-operative and post-operative processes in the lithotomy position become more optimal.
